Tiếng Anh

NHÀ XUẤT BẢN GIÁO DỤC VIỆT NAM

INTRODUCTION

Tiếng Anh 1 – Sách học sinh is the first of the two-level English textbook series for Vietnamese primary school pupils. It follows MOET's (2018) *Chương trình làm quen tiếng Anh lớp 1 và lớp 2*. The textbook is communication-based and topic-based in design and learner-centred in teaching methodology. Its aim is to acquaint pupils with very basic English language and skills with an emphasis on listening and speaking. It consists of 16 learning units, 4 fun time sections and 4 review units.

1. Unit components

Tiếng Anh 1 – Sách học sinh follows a sequence of presentation, practice and production to develop English at a very basic level through the topic-based and task/activity-based units, the fun time sections and the review units which are richly illustrated to provide pupils with very easy-to-grasp and memorable lessons and an enjoyable experience of learning English.

Each unit consists of three lessons on a topic related to pupils' interest, need, ability and daily life. Eight activities in each unit are designed to invoke a sense of familiarity and organized to provide training on listening, speaking, reading as well as writing.

Each lesson provides material and practice for one teaching period (equal to thirty to thirty-five minutes). The lessons contain concise and clear instructions for a wide range of activities arranged in a logical progression, helping pupils to develop the ability to interact with each other in English in both its spoken and written forms.

A variety of activities including games, chants, songs and TPR (total physical response) activities, exciting stories, ... aim to facilitate the pupils' ability to reproduce the language in a fun and engaging way.

Tiếng Anh 1 – Sách học sinh also creates a feeling of familiarity through the appearance of both Vietnamese and English characters, such as Ba, Bill, Ann, etc.

Following is a brief description of how a unit is organized.

Lesson 1

Lesson 1 helps pupils get acquainted with the context in which the target sound of the letter and the vocabulary are used. It contains *Listen and repeat* and *Point and say*.

1. Listen and repeat.

This activity presents the context for learning illustrated by a large picture in which the sound of the letter and the target vocabulary are introduced. It provides pupils with listening and oral practice.

2. Point and say.

This activity provides for the controlled practice of the key words. Pupils have to look at the picture, point to the letters, people or things in order to identify the letters and the target words they have learnt in *Activity 1*. The activity helps pupils understand the meaning of the words and practise saying them aloud. Games such as *Slap the board*, *Pelmanism*, *Simon says*, *Pass the ball*, *Matching game*,... can be used to familiarize pupils with the words before they can reproduce them in a wider context.

Lesson 2

Lesson 2 focuses on phonics, listening skills and tracing/writing. It contains 3 activities: *Listen and chant*, *Listen and tick*, and *Look and trace/Look, trace and write*.

3. Listen and chant.

This activity contains a chant which uses the letters, the words and very simple phrases/structure(s). By singing the chant, pupils have an opportunity to do choral and individual repetition of the sound of the letters and the new language items. The chant is a helpful way of practising the pronunciation, stress, rhythm and intonation of English language in real and authentic contexts.

4. Listen and tick.

This activity focuses on improving listening skill. It contains two items. Each has two pictures (a and b). Pupils look at the pictures as they listen to the recording and demonstrate their understanding by putting a tick (✓) in the correct box.

5. Look and trace/Look, trace and write.

This activity helps pupils trace the letters (both upper case and lower case) they have learnt. They are asked to trace the letters in upper and lower cases in *Units 1 – 8*. In *Units 9 – 16*, they are asked to trace the letters in upper and lower cases before writing the letters to complete the words using visual prompts.

Lesson 3

Lesson 3 focuses on speaking, writing and reading skills. It contains 3 activities: *Listen and repeat*, *Let's talk* and *Let's sing*.

6. Listen and repeat.

This activity focuses on listening and speaking skills. It contains one or two structures used in real situations. Pupils have to listen to the recording and repeat the structures in order to get familiarized with the new language items.

7. Let's talk.

This activity focuses on improving speaking skill. The activity contains one or two situations in which the suggested structure(s) and prompted pictures are introduced. Pupils use the language items (structure(s) and words) to communicate in authentic contexts. The activity also encourages and guides pupils to practise speaking individually or to interact with peers in pairs or in groups.

8. Let's sing!

This section contains an interesting and easy-to-learn song. The song also helps pupils revise the language items they have learnt in the unit. It helps them practise the pronunciation, stress, rhythm, intonation and melody of English through TPR. Through singing pupils can develop their interaction and cooperation skills.

2. Teaching the unit activities

The following are guidelines or suggestions for you as teachers when you first use *Tiếng Anh 1 – Sách học sinh*. Feel free to make any adjustments, as it is you who knows what you need to teach and what your pupils need to learn in your own teaching and learning context.

It is advisable to go through the activities of the unit before you teach them in the classroom. This will familiarize you with the material and tell you what to prepare for the lesson and what activities to conduct.

As mentioned in the first section, the teaching and learning of English at grades 1 and 2 follow the learner-centred/learning-centred approach. To follow this approach, each unit activity contains four components: Goal, Input, Procedure and Outcome (G-I-P-O). G-I-P-O follows a sequence of setting the goal of the activity, presenting the input (the context and the language), the procedure (steps) through which pupils practise and produce the target language items and the outcome (what pupils can do or achieve) after the activity. It also contains a wide range of activities involved by pupils (from individual to pair/group to whole class activities). This helps pupils practise spoken and written English and develop the ability to interact with each other.

Following is a brief description of how G-I-P-O is organized:

Goal:

A goal should be set up before each activity. The goal means what teachers are going to do and what they hope their pupils will achieve at the end of the activity. This is very important at the beginning of each activity because teachers can only perform well if they understand what is expected.

Input:

The input is the question of what pupils have to do. It consists of the context(s) in which the target language is used. The context(s) is/are always illustrated by attractive and colourful picture(s) and the language items are introduced in a clear and authentic way.

To understand the context(s), pupils may answer some questions such as *Who are they (is he/she)? What are they (is he/she/it)? Where are they (is he/she/it)?* and *What are they (is he/she/it) doing/talking about?* Teachers can also explain the context(s) and how the language is used. In the first units, the questions and answers/explanations can be in Vietnamese.

Procedure:

The procedure is the question of how pupils learn. It contains several steps which pupils have to follow in order to understand the contexts/the target language items and to practise using them in listening, speaking, reading and writing.

There are some steps in the procedure:

Steps

Pupils' learning activity

- Step 1: Pupils look at the picture(s), answer the questions asked by their teachers to identify the contexts and how the language is used (as mentioned in the *Input*). Teachers can explain the context(s) and the language items so that pupils can understand what language items they have to learn and how they are used in the context(s). Teachers also tell pupils about the goal of the activity/task and the time to do it.
- Step 2: Teachers do the task with one or two pupils as a model. They can play the recording for pupils to get acquainted with the language items. In this step, pupils do the activity/task as an example and identify how the task is carried out and developed.
- Step 3: Pupils are asked to do repetition individually and in chorus, using the suggested contexts/pictures and the language items prompted. Teachers may go around to offer help or/and correct the mistakes, if necessary. The main focus of this step is how pupils practise using the language items in speaking/listening/writing/reading individually.
- Step 4: Pupils are asked to do the task again in pairs or groups. They are also encouraged to interact with each other and share their ideas. In this step, pupils have a chance to reinforce their skills in pairs or groups.
- Step 5: A few pupils or pairs/groups are invited/selected to perform or act out the language items or skills in front of the class. The rest of the class may give comments. The main focus of the step is what pupils can do/achieve at the end of the activity.

If there is enough time, or with a better class, pupils are encouraged to use or apply the language items in real contexts or in more difficult situations.

Outcome:

Through pupils' performances, teachers can assess or judge what pupils CAN DO at the end of the activity. The outcome can be considered as what and how pupils use the language items in speaking, listening, reading and writing. The outcome should meet the requirements of the goal set up at the beginning of the activity.

Step 4: Ask each player in turn to select two cards and turn them face up. Say *Are you ready? Now let us play the game.* If the word matches the picture, the player wins and continues to turn over another pair. If the cards do not match, they are turned face down again and the next player has to go.

Step 5: The game ends when all the cards are gone.

Outcome: The pupil who gets the most cards at the end of the game is the winner.

Fun time 1

General description

This section aims to provide pupils with some fun time after *Unit 1* and *Unit 2*. It also serves as a chance for them to revise what they have learnt in these units via different fun activities and games. Each *Fun time* is taught in two lessons.

- In *Lesson 1*, *Activity 1* and *Activity 2* are carried out. *Activity 1* aims at revising some words learnt in the units. *Activity 2* in the form of a popular game helps pupils remember the upper case *B* and *C*, lower case *b* and *c*.
- In *Lesson 2*, *Activity 3* and *Activity 4* are covered. *Activity 3* once again creates an opportunity for pupils to identify and read some words. In *Activity 4*, pupils play another game to help them use the structures learnt in the two units.

Objectives

By the end of *Fun time 1*, pupils will be able to:

- identify some learnt words and say them with correct pronunciation.
- imitate the upper case and lower case *B/b* and *C/c*, using body positions.
- read the learnt words (*book, cup, ball, cat*).
- make a short exchange, using the structures “*Hi, I’m _____.*” and “*I have a _____.*”

LESSON 1 (Period 1)

Warm-up

- Greet the class and introduce yourself, e.g., *Hi, I’m Hoa.*
- Ask pupils to work in pairs to say the words they have learnt in *Unit 1* and *Unit 2*, saying *Say the words you have learnt, please!*
- Have pupils open their books and look at *Fun time 1*, saying *Open the books on Page 12 and look at Fun time 1, please!*

1. Find and circle. Then say.

Goal: Pupils will revise the words *bike, cup, book, cat, car, ball*.

Input: A word search with six pictures around. Under each picture is a word indicating the thing/pet in the picture.

Procedure: **Step 1:** Have pupils look at the pictures and say the words, saying *Look and say, please!*

Step 2: Ask pupils to look at the word search, find and circle the words in it individually. Then say the words. Explain how to do the task, saying *Find and circle the words in the word search. Then say the words. The words can go across or down.* Model with the first word if necessary. Give further support to those pupils who find it difficult to do the task.

Step 3: Have pupils exchange their answers in pairs or groups. Ask them to point to the words and say them until they feel confident. Go around and give further support to those pupils who find it difficult to do the task.

Step 4: Call some pupils to show the circled words and say them in front of the class.

Extended activity: After the pupils find the words and pronounce them, organize a short game. Divide the class into two teams. Call one pupil from each team to go to the board. Call out a word and the two pupils have to write them on the board. Give a point to each correct word. Pupils from the team take turns to write the words.

Outcome: Pupils can find, circle and say the six words in the word search correctly.

2. Let's play.

Simon says

Goal: Pupils will revise the upper case and lower case *B/b* and *C/c* through the game *Simon says*, using their body positions.

- Input:**
- Four boys showing different body positions. These positions show the upper case and lower case *B/b* and *C/c*.
 - Four commands can be used in the game:
 - Simon says show me a big B.*
 - Simon says show me a little b.*
 - Simon says show me a big C.*
 - Simon says show me a little c.*

Procedure: **Step 1:** Have pupils look at the pictures. Explain how the game is played: *Teacher gives a command which begins with Simon says... and pupils have to use their body positions to show the letters. The pupils who make the wrong position will be out of the game.* Check pupils' understanding of the instruction by getting one pupil to repeat what they have to do.

Step 2: Model the position of the first letter. Instruct pupils to imitate each position. Help them practise this position until they can remember. Follow the same procedure with the other letters. Give further support to those pupils who find it difficult to do the task.

Step 3: Have the whole class play the game. Call one or two pupils to be the observer of the game. Give out the commands and monitor pupils to play the game. The pupils who cannot show the right position will be out and become the observers.

Step 4: Divide the class into two teams. Each team plays the game. Give stars/points to the winner.

With a better class, after the pupils become experts at the game, you can increase the difficulty. A command starting with *Simon says* means the pupils must obey that command. A command without the beginning *Simon says* means do not do this action. Anyone who breaks one of these two rules is eliminated from the game. Pupils can also give the commands for other pupils to play.

Outcome: Pupils can play the game successfully by showing the correct body position for each letter.

LESSON 2 (Period 2)

Warm-up

- Greet the class by saying *Hi!*
- Have pupils play the game *Simon says* instructed in the previous lesson, saying *Let's play Simon says, please!*
- Ask them to open their books on Page 13, saying *Open the books on Page 13, please!*

3. Read and tick. Then colour and say.

Goal: Pupils will be able to identify the words they have learnt and read them aloud.

Input: The activity consists of four questions. Each question includes a phrase and two pictures *a* and *b*.

Procedure: **Step 1:** Have pupils read the words in the first question saying *Read the words, please!* Have them look at the pictures and ask them *What can you see in the pictures?* Have them point to each picture and say the words (e.g. a. a book, b. a car). Ask them to tick the correct picture, saying *Tick the correct picture, please!*

Step 2: Have them colour the correct picture, e.g. a book, saying *Colour the book, please!* Then have them say the words *a book*.

Step 3: Follow the same procedure with Questions 2, 3 and 4. Give further support to those pupils who find it difficult to do the task.

Step 4: Get pupils to check their answers in pairs. Then ask some pairs to give their answers. Give comments and confirm the correct answers.

Step 5: Call on some pupils to read the words in front of the class.

With a better class, ask pupils to work in pairs and practise writing the words in two minutes. Then show picture cards and ask some pupils to go to the board and write the words.

Outcome: Pupils can identify the words, colour the appropriate pictures and say the words correctly: 1. a 2. b 3. a 4. b.

4. Let's play.

A happy circle

Goal: Pupils will revise the structures "*Hi, I'm _____.*" and "*I have a _____.*"

Input: Flashcards of the words they have learnt (*book, bike, ball, cat, cake, car, cup*). Structures "*Hi, I'm _____.*" and "*I have a _____.*"

Procedure: **Step 1:** Have pupils look at the picture and read the sentences, saying *Look at the picture and read the sentences, please!*

Step 2: Explain the rule of the game: A group of pupils make a circle. The teacher gives each pupil a card with a picture. Two pupils will play first. Pupil A greets, introduces his/her name and says what he/she has in the card by saying *Hi, I'm _____. I have a _____. Pupil B does the same as Pupil A. After that, pupil B points to any pupil in the circle and he/she does the same. The last pupil in the circle shouts out "Happy" when he/she finishes his/her turn.*

Step 3: Model the game with one pupil.

Step 4: Have pupils play the game in groups of five or six. Support and give them help, when necessary.

Step 5: Ask the whole class to play the game if the time allows. This time pupils can point to any pupil they like in class.

If there is some time left, help pupils to create a chant with the sentences. Then the class will sing the chant and clap their hands. For example:

Hi, I'm Ba. I have a car.

Hi, I'm Bill. I have a cat.

Outcome: Pupils can play the game successfully. They can say the sentences correctly.

Fun time 2

General description

Like *Fun time 1*, this Fun time serves as a chance for pupils to revise what they have learnt in *Unit 5* and *Unit 6* via different fun activities and games.

- In *Activity 1*, pupils have an opportunity to revise some vocabulary items by matching the hidden words and the pictures.
- *Activity 2*, in the form of a game helps pupils remember different letters learnt in the units.
- In *Activity 3*, pupils solve a crossword, which is a chance for them to write the learnt letters and complete the words they have learnt.
- In *Activity 4*, pupils play another popular game to help them revise the words learnt in the units.

Objectives

By the end of *Fun time 2*, pupils will be able to:

- identify some learnt words *bell, pen, pencil, red, chips* and *fish*.
- say the words *bell, pen, pencil, red, chips* and *fish* correctly.
- identify the letters they have learnt (*I/i, E/e*).
- read the learnt words (*chips, pen, pencil, milk*).

LESSON 1 (Period 1)

Warm-up

- Greet the class and introduce yourself.
- Ask pupils to read the chant in *Unit 6*. Divide the class into two teams (A and B), and each reads the chant aloud. Teacher can also ask team A reads a line, then team B reads the following line.
- Have pupils open their books and look at *Fun time 2*, saying *Open your books and look at Fun time 2, please!*

1. Circle and match. Then say.

Goal: Pupils revise the words *pen, pencil, red, chips* and *fish*.

Input: Letters arranged in a random order and five pictures.

Procedure: **Step 1:** Ask pupils to look at the picture and the line of letters. Find and circle the words. Explain how to do the task, saying *Look at the pictures and the line of letters. Circle the words in the line, then match them with the correct pictures*. If necessary, ask one or two pupils to repeat what they have to do.

Step 2: Encourage pupils to speak out the words illustrated by the pictures.

Step 3: Model one word with the class. Ask pupils to circle the words in the line individually and match the words with the pictures. Give further support to those pupils who find it difficult to do the task.

Step 4: Have pupils exchange their answers in pairs. Then call some pupils to show their work. Give comments, saying *Well done!*

Step 5: Get pupils to work in pairs or groups, point to the words and say the words until they feel confident. Correct pronunciation, if necessary.

Step 6: Call a few pupils to say the words in front of the class.

With a better class, you can extend the activity. After the pupils find the words, match them with the pictures and say them, organise a short game. Divide the class into two teams. Write some learnt words on the board in two vertical lines. Call one pupil from each team to go to the board. Have them draw simple pictures to match the words. Pupils from each team take turns to draw. Give a point to each picture.

Outcome: Pupils can find the five words in the line, match them with the pictures and say them correctly: a. pen, b. chips, c. pencil, d. red, e. fish.

Input: The name of the game and a picture showing pupils how to play the game.

Procedure: **Step 1:** Have pupils work in two big groups (A and B). Have them look at the picture. Tell them that you will draw one letter in the air with your finger. The first pupil of each team that correctly identifies what you have drawn, if he/she identifies correctly, the team scores a point.

Step 2: Model the first time with the pupils so that they can understand how to play.

Step 3: Have the whole class play the game several times before they compete.

Step 5: Calculate the points and praise the winner.

With a better class, after the pupils become experts at the game, you can increase the difficulty. Call representatives from each team to replace the teacher. These pupils air-draw the letters themselves for other team members to guess. Ask pupils to air-draw other letters from Units 1, 2, 3 and 4 as well.

Fun time 3

General description

Fun Time 3 serves two purposes: providing fun and revising the content of *Unit 9* and *Unit 10*. It is taught in two lessons.

- *Lesson 2* contains *Activities 3* and *4*. In *Activity 3*, pupils have a chance to revise some phrases that they have learnt in the previous units. *Activity 4* in the form of a popular game helps pupils remember the words they have learnt in the previous units.

Objectives

By the end of *Fun time 3*, pupils will be able to:

- say the words they have learnt with correct pronunciation.
- match the phrases with the correct pictures.
- imitate the upper case letters *O* and *M* and the lower case letters *o* and *m*, using body positions.

LESSON 1 (Period 1)

Warm-up

- Ask pupils to sing the chant in *Unit 10*. Divide the class into two teams and each sings the chant aloud. Then ask one team to read a line, and the other team to read the following line.
- Have pupils open their books and look at *Fun time 3, Activity 1*. Say *Open your books and look at Fun time 3, Activity 1, please!*

1. Trace and colour. Then point and say.

- Goal:** Pupils will revise the words *clocks, mops, monkey* and *mouse*.
- Input:** Four pictures for pupils to trace and colour.
- Procedure:** **Step 1:** Have pupils look at the pictures and explain what to do, saying *Trace and colour the pictures, please!* Model with the first picture, if necessary.
- Step 2:** Ask pupils to trace the pictures and colour them individually. Give further support to those pupils who find it difficult to do the task.
- Step 3:** Have pupils work in pairs to compare their work and practise saying the words, saying *Point to the pictures and say the words, please!* Move around and correct their pronunciation, if necessary.
- Step 4:** Call some pupils to show their work, point to the pictures and say the words in front of the class. Say *Excellent!* when they perform well.
- With a better class, you can extend the activity. After the pupils have finished the above activity, divide the class into two teams. Call one pupil from each team to go to the board. Read out a word for these pupils to write the word down. Pupils from each team take turns to go to the board and write the words. Give a point for each correct word.
- Outcome:** Pupils can trace and colour the pictures and say the words with correct pronunciation: 1. *clocks*, 2. *mops*, 3. *monkey*, 4. *mouse*.

2. Let's play.

Simon says

- Goal:** Pupils will revise the upper case letters *O* and *M* as well as the lower case letters *o* and *m*, using their body positions.
- Input:** Four boys showing different body positions. These positions show the letters *O* and *M* as well as the letters *o* and *m*.
- Four commands can be used in the game:
- Simon says show me a big O.*
- Simon says show me a little o.*
- Simon says show me a big M.*
- Simon says show me a little m.*
- Procedure:** **Step 1:** Have pupils look at the pictures. Ask them to explain how to play the game. Explain the rules of the game again: Teacher gives a command which begins with *Simon says* and pupils have to use their body positions to show the letters. The pupils who make the wrong position will be out of the game. Check pupils' understanding by getting one pupil to repeat what they have to do.

Step 2: Model the position of the first letter. Instruct pupils to imitate each position. Help them practise this position until they can remember. Follow the same procedure with the other letters. Give further support to those pupils who find it difficult to do the task.

Step 3: Have the whole class play the game, saying *Let's play, please!* Ask one or two pupils to be the observer of the game. Give out the commands and monitor pupils to play the game. The pupils who cannot show the right position will be out and become the observers.

Step 4: Divide the class into two teams. Each team plays the game. Give stars/points to the winner.

With a better class, after the pupils become experts at the game, you can increase the difficulty. A command starting with *Simon says* means pupils must obey that command. A command without the beginning *Simon says* means do not do this action. Anyone who breaks one of these two rules is eliminated from the game. Pupils can also give the commands for other pupils to play.

Outcome: Pupils can play the game successfully by showing the correct body positions for each letter.

LESSON 2 (Period 2)

Warm-up

- Greet the class by saying *Hi!*
- Have pupils play the game *Simon says* again, saying *Let's play Simon says, please!*
- Ask them to open their books and look at *Fun time 3, Activity 3*. Say *Open your books and look at Fun time 3, Activity 3*.

3. Match and say.

Goal: Pupils will revise some learnt phrases: *two locks, three clocks, four pots, five monkeys*.

Input: The activity consists of four phrases and four pictures describing these four phrases.

Procedure: **Step 1:** Have pupils look at the phrases and the pictures. Explain how to do the activity: Pupils look at each phrase on the left and elicit its meaning. Draw their attention to the numbers. Then pupils look at the pictures on the right and find one appropriate picture to match the phrase. After that, pupils draw a line from the phrase to the suitable picture. Check comprehension.

Step 2: Model the first phrase with the whole class. Have pupils read the phrase in the first question, saying *Read the first phrase, please!* Then ask pupils to say, e.g. *five monkeys*. Have them look at the pictures and ask them *Which picture can you see five monkeys?* Have them point to the picture with five monkeys and say the phrase (e.g. a. *five monkeys*). Ask them to draw a line from the phrase to the suitable picture, saying *Draw a line, please!*

Step 3: Follow the same procedure with Questions 2, 3 and 4. Give further support to those pupils who find it difficult to do the task.

Step 4: Have pupils work in pairs to compare their work and practise saying the phrases. Move around and correct their pronunciation, if necessary.

Step 5: Call some pupils to show their work and say the phrases in front of the class. Give comments and confirm the correct answers.

Fun time 4

General description

Fun time 4 helps pupils revise the content of *Units 13* and *14* through fun and meaningful activities. This fun time is divided into two lessons.

- *Lesson 1* consists of *Activities 1* and *2*. *Activity 1* aims at reminding pupils of some words they have learnt by having them trace, colour the pictures and then say the words. In *Activity 2*, pupils play the game *Mystery bag* which helps them revise the letters and the words they have learnt.
- *Lesson 2* includes *Activities 3* and *4*. In *Activity 3*, pupils have a chance to write the learnt letters to complete the words. *Activity 4* in the form of a game called *Pictionary* helps pupils remember the words they have learnt in the previous units.

Objectives

By the end of *Fun time 4*, pupils will be able to:

- say the words they have learnt with correct pronunciation.
- write the letters to complete the words.

LESSON 1 (Period 1)

Warm-up

- Greet the class, saying *Hi, I'm _____*.
- Ask pupils to shout out the words they remember from the previous units.
- Have pupils open their books and look at *Fun time 4, Activity 1*.

1. Trace and colour. Then point and say.

Goal: Pupils will revise the words *teddy bear, tiger, top* and *turtle*.

Input: Four pictures for pupils to trace and colour.

Procedure: **Step 1:** Have pupils look at the pictures and explain what to do. You can model with one picture.

Step 2: Ask pupils to trace and colour the pictures. Say *Now trace and colour the pictures, please!* Go around to offer help, if necessary.

Step 3: Have pupils work in pairs to compare their work and practise saying the words. Move around and correct their pronunciation, if necessary.

Step 4: Call some pupils to show their work and say the words in front of the class. Give comments.

With a better class, you can extend the activity. After the pupils have finished the above activity, divide the class into two teams. Call one pupil from each team to go to the board. Read out a word for these pupils to write the word down. Pupils from each team take turns to go to the board and write the words. Give a point for each correct word.

Outcome: Pupils can trace and colour the pictures and say the words with correct pronunciation: 1. *top, teddy bear*; 2. *turtle, tiger*.

2. Let's play.

Mystery bag

Goal: Pupils will revise the letters and the words they have learnt.

Input: A picture showing a teacher and a pupil playing the game.

Procedure: **Step 1:** Have pupils look at the picture. Explain the rules of the game: Teacher gives a mystery bag having letter cards (the letters can be all the letters the pupils have learnt or the letters from *Unit 13* to *Unit 14*). Pupils play this game in teams. One pupil from each team picks up a letter card from teacher's mystery bag. He/She reads the letter aloud, and then says a word which includes that letter.

Step 2: Divide the class into two big teams. Call one representative from each team to the board. Ask him/her to pick up one letter card from the bag and read aloud the letter. Then say a word that includes the letter. If he/she is correct, his/her team gets 1 point. The team with more points is the winner.

Step 3: Keep record of the stars/points for each team. Announce the winning team.

With a better class, after the pupils become experts at the game, you can increase the difficulty by using all of the letters pupils have learnt from the beginning of the academic year. It is a good chance for them to revise the letters and words learnt.

Outcome: Pupils can play the game successfully by saying the letters and words correctly.

LESSON 2 (Period 2)

Warm-up

- Organise a quick *Mystery bag* game. Show different letters for pupils to read aloud the letters and the words including the letters.
- Ask pupils to open their books and look at *Activity 3*.

3. Write and say.

Goal: Pupils revise some learnt letters, words.

Input: The activity consists of four words, each of which misses two letters and four pictures describing those words.

Procedure: **Step 1:** Have pupils look at the pictures. Explain how to do the activity. Pupils look at each picture and complete the words by writing the missing letters. After that, they read the words out loud.

Step 2: Model one word with the whole class.

Step 3: Have pupils do the activity individually. Go around to offer help, if needed.

Step 4: Get pupils to check their answers in pairs. Then ask some pairs to give their answers. Give comments and confirm the correct answers.

Step 5: Have pairs practise saying the words. Go around to check their pronunciation.

With a better class, after pupils finish the activity, cover the words, show the pictures only and have pupils read aloud the words from their memory.

Outcome: Pupils can find the letter to complete the words (1. *noodles*, 2. *nuts*, 3. *tiger*, 4. *bananas*). They can say the words correctly with good pronunciation.

4. Let's play.

Goal: Pupils will revise some vocabulary items they have learnt.

Input: A picture showing two pupils playing the game. Prepare a bunch of word cards before the class starts.

Procedure: **Step 1:** Have pupils look at the pictures and ask them to guess how to play in the game (they may speak out their guesses). Explain how to play this game: Pupils will play the game in teams. Give a pupil a word card, and he/she draws the word. Other team members have to guess the word the team member is drawing on the board.

Step 2: Divide the class into two big teams and draw a line down the middle of the board.

Step 3: Call two pupils, one from each team to the board. Give each of them a word card. Remember the two words are the same.

Step 4: Tell the pupils to draw a picture which is the same picture from the word card on the board and encourage their team to guess the word. The first team who shouts the correct answer gets a point.

Step 5: The pupils who has completed drawing should then nominate someone else to draw for their team. Repeat this until all the words are gone.

Step 6: Keep record of the stars/points for each team. Announce the winning team.

With a better class, divide the class into groups. After pupils finish playing the game, have the groups write down the words they have encountered in the game.

Outcome: Pupils can play the game successfully and they can say the words correctly.
